Sleepypod Brings Same Innovative Features with More Capacity to New Medium-Sized Yummy Travel Bowls Stores, Transports, and Serves Pet Food and Water Simultaneously Without Mixing or Spilling its Contents

Pasadena, Calif.—July 19, 2013—Sleepypod®, a Pasadena-based company recognized for reinventing pet products through innovative design, today introduces medium-sized [Yummy Travel Bowls®](#) for cats and dogs of any size.

“In response to demand for Sleepypod products to accommodate larger pets, we created medium-sized Yummy Travel Bowls,” says Michael Leung, a Sleepypod product designer and company owner. “Medium and large-sized pet owners want the travel convenience and ease of use that small-sized Yummy Travel Bowls offer.”

The new medium-sized Yummy Travel Bowls have the same innovative features as the small size but more capacity. Yummy Travel Bowls features a spill-resistant water bowl that serves as the base, a food bowl that slips into the water bowl making the water bowl leak-free, and a lid that seals Yummy Travel Bowls making it spill-proof. The lid becomes an extra bowl when flipped over, thereby allowing for dry food, wet food, and water to be served in separate bowls. When the Yummy Travel Bowls lid is used as a food bowl, the saucer portion can be filled with water to keep ants out of food. “Yummy Travel Bowls remain consistent with Sleepypod’s safe product priority,” says Leung. Yummy Travel Bowls are made from baby safe, FDA food grade, BPA-free silicone that is freezer, dishwasher, and microwave safe.

A new color choice has been added to the Yummy Travel Bowls palette of available colors in the medium size only. In addition to Very Berry, Sea Breeze, Mango Tango and Key Lime colors, medium-sized Yummy Travel Bowls are available in Blueberry.
